Association Canadienne de Recherche en Sante au Travail

CARWH 2016 Sponsorship Package

We invite you to sponsor the CARWH 2016 Scientific Meeting

CARWH 2016: Advancing Research to Improve Work and Health is the 9th biennial meeting of the Canadian Association for Research on Work and Health (CARWH). The CARWH conference is Canada's premier meeting focused on work and health research. CARWH meetings are interdisciplinary and seek to bridge important gaps in work and health research by promoting knowledge exchange, research partnerships, and translation of research into the prevention and management of work-related injury and illness. This popular national conference historically attracts around 300 attendees from across the country, and up to 50 students for an associated trainee symposium. The 2016 conference will offer a stimulating and diverse program of keynote presentations, parallel and poster sessions, and symposia that reflect the excellence of work and health research across the country.

General sponsorship for CARWH 2016 is offered at four levels (Platinum, Gold, Silver, and Bronze). You may also sponsor a specific item or event.

The Canadian Association for Research on Work and Health (CARWH) is a not-for-profit association of Canadian researchers whose work focuses on the prevention and management of ill health, disability, and injury associated with work activities and environments. Founded in 2001, CARWH has a mission to enhance and promote research on work health, safety, and well-being in Canada and to advocate for research on how work and work environments can be altered to improve health, safety, and wellness among Canadians
